Legendary Trombone Cup and Straight - Articulation List

	Articulation Group	Description
Standard	Sus	Sustained notes.
	Vib	Vibrato sustains.
	Stac	Staccato. Two dynamics (Bite, F). Comes with 4 alternating samples per dynamic. Round robin uses pitch shifting to multiply the number of alternating samples by 3. Light versions of staccato provide single note non-alternating samples. Bite samples are bright and very short staccatos, while the F staccatos are slightly longer.
	Legato	Fairly short duration samples with very little attack. Can be used with SIPS to produce a very convincing slurred legato effect between moderate to fast moving passages.
Effects	Jazzy	Variations include: *Harry James* (heavy vibrato that turns into a little shake) and *Turn* (Short jazzy articulation with a heavy vibrato at the end of the note).
	Falls Rough	Variations include: *Umph* and *Short*.
	Falls Smooth	Short smooth falls.
	Rise Rough	Short rough rise up to the final note
	Rise Smooth	Short smooth rise up to the final note
	Bends	Variations include: *Bend* (short bend down and then back up to note) and *Bend Down* (bend down to note without bending back up).
	Grace Notes	Half-step grace notes.
	Slur Up	Smooth slur up to note (like smooth grace notes).
	Shakes	Tight shake.
	Maynard	Up down rip at the end of a short note.
	Doit	Quick octave slur up after short note.
	Mordent	Half step up and then back down to note.
	Scale	Variations include: *Up* (4-note chromatic scale up to final note) and *Down* (4-note chromatic scale down to final note). Note that the accent is on the final note.
	Swells	Various length swells with a harsh attack followed by a crescendo.
	Crescendos	Various length with minimal attack followed by a crescendo.
	Flutter Crescendos	Various length flutter tongue with minimal attack followed by a crescendo.
	Half Valve	Variations include: *Stac* (short half valve staccato) and *Shake* (little half-valve shake).
Releases	Basic Release Triggers	Release triggers include: *Normal* (normal release) and *Rough* (rough fall off note).
	Maynard Release Triggers	Release triggers include: *Short* up down rips.
	Shake Release Triggers	Release triggers include: *Turn.*
	Doit Release Triggers	Release triggers include: *Normal* and *Flair*.
	Falls Rough Release Triggers	Release triggers include: *Umph* and *Short.*
	Falls Smooth Release Triggers	Release triggers include: *Short.*
